

Board Members Wanted

****Deadline is FEBRUARY 10, 2012**

Our Vision

Our vision is a caring community with stable families where children are healthy, safe, ready to learn, successful in school and prepared for life.

To achieve this vision, we bring together public agencies, community-based organizations, advocates and community members to identify needs and then secure funding that will improve and expand services. We receive funding from the state and county government, foundations, corporations and individual donors.

Our Work

Current efforts include:

- Expanding high quality out-of-school time programs through Excel Beyond the Bell
- Helping youth who come in contact with the juvenile justice system receive services that promote their positive development with no re-offending
- Assisting residents in finding needed education and social services through infoMONTGOMERY, an online database
- Enabling families whose children have intensive, complex needs to navigate across agencies to receive treatment and other needed supports.

Check out our most recent [annual report](#) to learn more about our work.

Our Board of Directors

- Our 21 member Board of Directors is responsible for overseeing and governing all aspects of the Collaboration Council's programs, management and finances.
- Board members serve a three year term.
